When a straight line extending from the front base of the horn through any portion of the eye opening intercepts any portion of the horn, the ram is legal. If the horn is not long enough to be intercepted by the line, the sheep is not legal.

Base of the horn shall be considered as the point where the horn meets the hairline of the head. See the illustration above.

TO REPORT VIOLATIONS

If you are unable to contact a local warden or member of the sheriff's office, call toll-free 800-332-6117.

PART 2 1981

BIG GAME HUNTING REGULATIONS

MONTANA DEPARTMENT OF FISH, WILDLIFE AND PARKS — HELENA, MT 59620

This is PART 2 of Montana's 1981 big game hunting regulations. Included is information about hunting dates, bag limits, tentative quotas, licenses, permits, drawings, and shooting hours. PART 1 of the regulations contains license fee schedules, hunting district maps, written descriptions of hunting districts, and general regulations.

By order of the Montana Fish and Game Commission, the seasons, limits and regulations listed herein shall govern the 1981 antelope, bear, bighorn sheep, deer, elk, moose, mountain goat and mountain lion hunting seasons.

MONTANA FISH AND GAME COMMISSION
JAMES W. FLYNN, SECRETARY—MARCH 15, 1981

CORRECTIONS TO PART 1, 1981 BIG GAME REGULATIONS

Due to recent legislation, the following additions and corrections should be noted on part 1 of the 1981 big game hunting regulations.

Addition to Fee Schedule — a nonrefundable $2.00 drawing fee for each species applied for must accompany each application for licenses or permits issued through drawings. This is in addition to the hunting license fees.

Correction to Fee Schedule — Cost of the resident and nonresident conservation license is $2.00 rather than $1.00 as listed on the Part 1 fee schedule. This change does not affect the prices for the $35.00 Resident Sportsman License or the $225.00 Nonresident Combination License.

PREFERENCE IN DRAWINGS

Landowner Preference

Montana landowners who qualify may receive up to 15 percent of the antelope licenses, deer B and special deer permits annually issued in each hunting district. To qualify, one must be the owner of record or be contracting to purchase at least 160 acres of land within the hunting district applied for. The land must be used primarily for agricultural purposes.

For additional information refer to resident application forms for drawings, available from license agents or Fish, Wildlife and Parks offices.

5-Year Preference For Moose, Bighorn Sheep, and Mountain Goat

The system whereby persons may receive preference in drawings after applying for moose, sheep, or goat licenses for 5 or more consecutive years is being phased out.

Persons who hold a 1981 notice showing 5 or more years preference may claim preference for the 1981, 1982 and 1983 drawings. Seventy five percent of the licenses authorized for moose, sheep and goats will be available to this group. To maintain preference status they must submit applications with previous year's preference notice for 1981, 1982 and 1983 drawings.

Anyone with less than 5 years preference will not receive preference consideration for 1981 or any future drawings. Applicants in this group will receive 25% of the licenses available for each species. After 1983 the preference system will be discontinued.

During January of 1982 persons with 5 or more years preference will be sent preference notices. If there is an error on the notice or if the notice is not received by February 1, 1982 the preference holder has until March 1, 1982 to notify the department.

MAKING APPLICATION

1. Applications for license or permit drawings must be made on forms available from Montana hunting and fishing license agents or from an office of the Department of Fish, Wildlife and Parks, or clear photo copy of application forms will be accepted.

2. An individual may make only one application for each type of license.

3. Applications must be postmarked no later than June 15, 1981.

4. License fees must accompany all applications. Nonresident fees should be in the form of money orders, certified checks or cashier's checks. Personal checks will not be accepted from nonresidents. Send cash at your own risk!

5. Persons applying for drawings must be at least 12 years of age prior to September 15 of the season for which application is being made and must have completed required firearms safety training if under age 18.

6. No more than 10 percent of licenses or permits issued through drawings for each district may be issued to nonresidents. In districts where there are fewer than 10 licenses to be issued, none will be issued to nonresidents.

IN ELK — DEER HUNTING DISTRICTS	SEASON DATES
OPEN TO CHASE	
Districts beginning with numbers 1, 2, 3, 4 and 5 (Except district 282)	Feb. 16, 1982 through April 30, 1982
CLOSED TO CHASE	
Hunting district 282, all Wildlife Management Areas (Game Ranges) and all districts beginning with numbers 6 and 7 **remain closed to lion chase season.**	

Holders of current lion licenses must obtain free chase permits available at Fish, Wildlife and Parks offices listed in part one of the regulations. Permits will not be available until February 16, 1982.

2. The lion skull will be retained by the Department of Fish, Wildlife and Parks for processing and examination and then returned to the owner. It is unlawful for anyone to posses, ship or transport any mountain lion, or parts thereof, unless they have been tagged as prescribed.

DEER AND ELK REGULATIONS

DEER LICENSES

1. Deer A: residents may purchase one resident deer A license during a license year. An A license is also part of the resident sportsman's license and the nonresident $225.00 license. A licenses authorize hunting in all districts open to general hunting.

2. There is also a limited number of nonresident deer A licenses available through a drawing. These licenses will be valid only in specific districts. Nonresidents who hold $225.00 licenses may not buy these deer A tags.

3. Resident and nonresident B licenses are available in limited numbers. Each B license is valid for one specified hunting district only except in some of the hunting districts beginning with number 5. B licenses are issued through drawings if there are more applications than licenses available. The B licenses usually provide the opportunity for taking a second deer, but hunters need not hold an A license before applying for a B license.

APPLYING FOR SPECIAL PERMITS AND DEER B LICENSES

Special deer and elk permits and B deer licenses are issued through drawings, if there are more applications than permits or licenses available. Application must be made to Helena offices of Fish, Wildlife and Parks and postmarked no later than June 15, 1981. See "Making Application."

Applicants must first hold a valid elk **license** to apply for a special elk **permit**, and must hold a resident deer A or nonresident $225.00 license in order to apply for a special deer **permit**.

In some hunting districts, all elk hunting may be by special permit only.

If a deer or elk hunting district number is immediately followed by a two digit number (example: 670-01) you must include all numbers when making application for deer or elk drawings.

LICENSES VS. PERMITS

A hunting **license** is a document that authorizes the holder to hunt and take specified game. A special **permit** gives the holder a wider choice of the age or sex of animals that may be taken in specific districts. Permits cannot be obtained without first having the proper license.

DEER

B Indicates that some **licenses**, which can be used to take a second deer, will be issued for this district. When B licenses are listed under the special permits heading, both residents and nonresidents may apply unless specified otherwise.

P Indicates that some **permits** will be issued to holders of resident deer "A" licenses, resident sportsman licenses or nonresident $225.00 licenses in most instances. Permits authorize the holders to hunt antlerless deer where without the permits they could take only antlered bucks. They may also provide a greater choice in species to be hunted. **Permits do not provide for taking a second deer.** In some districts all deer and elk hunting may be by special permit holders only.

EITHER SPECIES: Means mule deer or whitetailed deer.
ANTLERLESS: Means female deer or juvenile males without antlers.

SPECIAL DEER ARCHERY SEASON

An archery stamp is required of all hunters during special archery seasons.

The regulations below apply to holders of Resident Deer A Licenses, Resident Sportsmen Licenses and Nonresident Deer A ($225.00) Combination Licenses.

Holders of other deer licenses may hunt with long bow and arrow during special archery season dates as designated below but only in the districts and for the sex and species of deer specified on the Licenses.

ELK

PERMITS VALID IN PORTION OF HUNTING DISTRICT

In some hunting districts special permits or licenses are valid in only a portion of the hunting districts. Maps and/or descriptions of the area will be provided to successful applicants in those hunting districts.

HUNTING TIME PERIODS

In some hunting districts, special permits or licenses are valid for only a few specified days of the overall season. The purpose is to prevent congestion by limiting the number of persons hunting in an area at one time.

Assignment of time periods is determined by the order in which the applicants are computer-picked during drawings. Once assigned, time periods cannot be changed nor exchanged.

ALTERNATE PERMITS

Alternate permits are primarily for late winter hunts to alleviate game depredation. A listing of alternate permit holders will be compiled as necessary from unsuccessful applications for special elk permits. In the event conditions require damage seasons, names of hunters to receive permits will be drawn from the listing and those persons will be contacted. Conditions may not occur to require use of alternate permits.

NONRESIDENT ELK ($225 COMBINATION LICENSES)

Nonresidents must purchase the $225.00 combination license in order to hunt elk. This nonresident license includes a conservation license, an "A" deer license, an elk license, a black bear license, authorizes hunting of game birds and authorizes fishing.

Only 17,000 of these licenses may be sold for the 1981 hunting season and they are available only through the Fish, Wildlife and Parks Office in Helena. **NONRESIDENT HUNTERS WHO HAVE NOT OBTAINED CURRENT $225.00 LICENSES SHOULD INQUIRE ABOUT THEIR AVAILABILITY BEFORE COMING TO MONTANA. DURING 1980 THE $225.00 LICENSES WERE SOLD OUT IN MID SEPTEMBER.**

REFUND FOR ELK LICENSES

Residents who apply for special elk permits in elk districts 410, 621, 622, and 631, but do not draw permits, may be refunded the cost of their elk licenses. In order to get the refunds, applicants must attach their elk licenses to their applications for drawings. Refunds are possible only in districts listed above.

DO NOT APPLY FOR A REFUND if you plan to hunt in the elk archery season or any other current season. Persons who receive refunds may not legally purchase another elk license during the current hunting season.
